Regular XEP Series Stick  
(8 mm diam. x 60.8 mm length)

Chubbies XCJP12 Stick  
(18 mm diam. x 60 mm length)

Jumbo XEPL-C288 Stick  
(10 mm diam. x 71 mm length)

**Cray-Pas® Junior Artist®** puts the power of beautiful and blendable color into young hands. It is no wonder that Cray-Pas is used in schools nationwide to teach and practice art techniques.

Invented in 1925 by Sakura Color Products Corporation, it is probably the most “basic and acceptable art material” in the elementary school market today. Cray-Pas oil pastels can create oil-paint effects, are easy to hold with their round shapes, will not peel, crack or flake, are easily blend-able and are safe for children. Great for drawing, lettering, scratch art, & long lasting sidewalk art. Cray-Pas are excellent on paper, cardboard and canvas.

Available in regular size stick sets of 12, 16, 25, and 50 pieces. Also in economical “colorpacks” for the classroom. Colorpacks come in two stick sizes – a 432 piece regular stick, and a 288 piece jumbo stick set. Both sets are in 12 color assortments. A special “chubbie size” stick is available for little hands to grasp in a 12 color set. Black and white regular size sticks are available individually - for scratch art and blending use.

Meets ACMI non-toxicity standards, and is “AP” Seal certified. Makes a great gift item or stocking stuffer.

## APPLICATIONS

- Creative Drawing
- Lettering & Signage
- Scratch Art & Dot art
- Wall art & Stenciling art
- Cards & Craft projects

## TECHNICAL QUALITIES

- Capable of creating “oil paint effects”
