

# Soufflé™

## 3-D, Opaque Pastels!

Just like the freshness of spring time, the color and raised line of Soufflé™ adds color and dimension to DIY craft projects. Three-dimensional (3-D) ink leaves a raised ink line for writing you can feel. Special pens color on plastic, coated paper, acetate, vellum and glass.

The one-of-a-kind 3-D ink colors of Soufflé are soft pastels and white which dramatically stand out on dark backgrounds.

No need to shake, pump or squeeze – just write slowly to let ample ink flow from the tip and allow time to dry completely. Use Soufflé for gift tags, glass or ceramic tree ornaments, cards, altered books, rubber stamping, and cell phone embellishments.

Note: Soufflé is a special craft pen for coloring or lettering. Since the ink flows thickly and takes time to dry it is not ideal for any lengthy writing.
