Stardust™ clear

STARDUST CLEAR

When a craft designer came to us and told us she'd love it if we made our sparkling Stardust in a clear version, we thought about it. And did it.

In a 0.5mm bold line, Stardust clear is ideal for papercraft and scrapbooking accents. Now you can create sparkle right away—no messy powders or waiting for the heat gun to warm up. Create Sparkle now—when you want, where you want it.

36 pens are available in an 18 piece cup counter display of 2 pack pouches.

APPLICATIONS

- Add shimmer to Business cards & Letterheads
- Enhance Photographs with sparkling “light”
- Embellish gift bags and wrapping paper
- Highlight greeting cards and gift tags

TECHNICAL QUALITIES

- Patented, clear glittering ink
- Patented gel pen delivery system
- Consistent 0.5mm bold line (1.0mm ball)
- Does not bleed through most papers
- Not intended for archival use
- Meets ASTM and ACMI non-toxicity standards
