

# SumoGrip® II

## 21<sup>st</sup> Century Style – Time Honored Ink!

Sumo Grip™ II symbolizes a new generation of style and strength. The power of pigment-based gel ink is nearly impossible to alter on documents, and is now available for multi-purpose daily use. Chemical resistant, waterproof, light-fast and, suitable for acid-free environments, the ice cream smooth® feel of gel ink makes Sumo Grip II a pen no one wants to lose.

An attention grabbing style combines looks with functionality. Color accents from clip to tip add appeal. The ergonomic grip provides continuous comfort. The binder clip grasps thick materials, like a binder or clipboard. The binder clip notch allows for easy attachment of straps or retractable cords to keep Sumo Grip II within fingertip reach.

*"Sakura's technologically advanced pigment-based ink is specially designed for archival permanency and helps prevent check washing fraud."*

- Heidi Harralson, American Board of Forensic Examiners board certified diplomat  
American Handwriting Analysis Foundation certified graphologist
